Transfers

Interdisciplinary Journal
of Mobility Studies

Editor:

Cotten Seiler, *Dickinson College*

Transfers is a peer-reviewed journal publishing cutting-edge research on the processes, structures, and consequences of the movement of people, resources, and commodities. Intellectually rigorous, broadly ranging, and conceptually innovative, the journal combines the empiricism of traditional mobility history with more recent methodological approaches from the social sciences and the humanities.

Explorations in Mobility Series

Founding Editor:

Gijs Mom, *Eindhoven University of Technology*

Series Editors:

Georgine Clarsen, *University of Wollongong*

Cotten Seiler, *Dickinson College*

Mimi Sheller, *Drexel University*

The study of mobility opens up new transnational and interdisciplinary approaches to fields including transport, tourism, migration, communication, media, technology, and environmental studies. The works in this series rethink our common assumptions and ideas about the mobility of people, things, ideas, and cultures from a broadly understood humanities perspective. The series welcomes projects of a historical or contemporary nature and encourages postcolonial, non-Western, and critical perspectives.
